Tools: Git, GitHub, Postman, Vercel, FileZilla, GTmetrix

Soft Skills: Communication, Leadership, Teamwork, Problem Solving

Upskilling: Next.js

EXPERIENCE

Web Developer Aug 2024 – Present

Centeos Technology, Mumbai

- Built and maintained responsive websites using HTML, CSS, JavaScript, Bootstrap, and jQuery, optimizing load performance for desktop and mobile.
- Translated UI/UX designs into production-ready pages with cross-browser compatibility, working directly with founders and developers on a small team.
- Delivered 2–3 client websites end-to-end, from design handoff through cross-browser testing to deployment.

PROJECTS

NKIS Advisory — Financial Services Website

HTML, CSS, JavaScript, Bootstrap, PHP

- Built a marketing site for a financial advisory firm, highlighting expertise, milestones, and client success stories through a modern, engaging layout.
- Added interactive sections and smooth navigation to improve user experience and engagement.
- Tested functionality and responsiveness across multiple browsers and devices, identifying and resolving UI issues before launch.

Shriram Transport — Corporate Website

HTML, CSS, JavaScript, Bootstrap

- Built a professional, responsive website for Shriram Transport, a unit of SNCLI Services Pvt. Ltd.
- Presented company profile, services, and credentials through a clean, government-oriented design.
- Added interactive components and contact integrations to improve accessibility and engagement.

SMCC Global Solutions — Corporate Website

HTML, CSS, JavaScript, Bootstrap

- Designed and built a corporate website for a construction management solutions company from the ground up.
- Ensured cross-browser compatibility and responsive design for a consistent experience across devices.

EDUCATION

B.Sc. IT — Chandrabhan Sharma College, Mumbai 2019 – 2022

SGPA: 7.33
